3. Select the Content Format of your choice, and select “RIS Export Format. Click on “Export”

Content format: ☐ Citations Only
☒ Citations and Abstracts

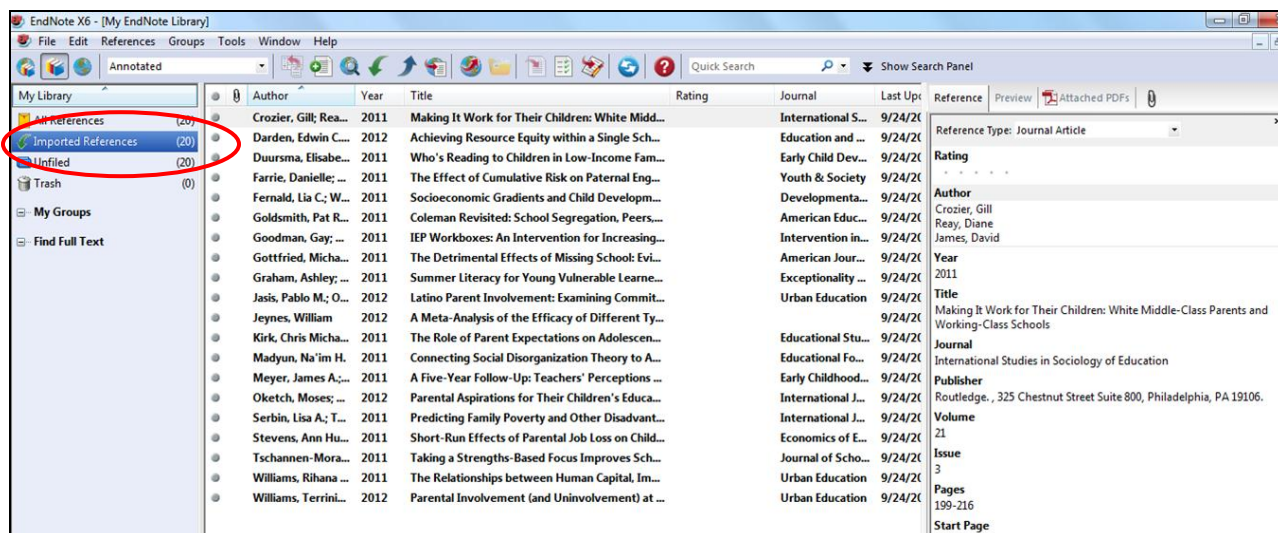

Export format: ☒ RIS format (for Reference Manager, ProCite, EndNote)
☐ RenWorks Direct Export [About RenWorks](#)
☐ Plain text format
☐ BibTeX format

Export | Cancel

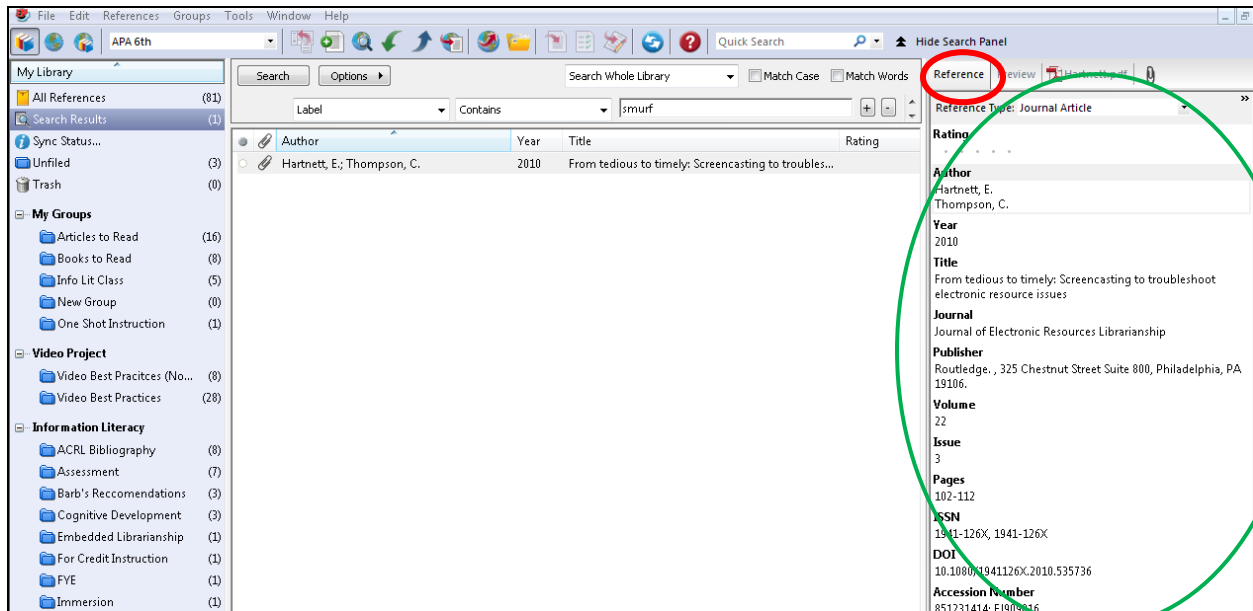

4. Firefox users will need to select the “Open With” option and then select “EndNote” from the dropdown box. Click on “OK”

5. EndNote will open automatically with the selected references. New citations will appear in the “Imported” and “All References” sections of your Endnote library.

6. Choose each reference, click on the reference tab, and review the information to make sure it is correct.

Choose the correct reference type

If you are using APA style, the title of journal articles should be in sentence case

Add a DOI number if needed
